

## More Than Just K-POP: Take the Journey of Korea

**February 13,  
2021  
(Saturday)**

Uncover some of the most exciting cultural icons of this country through an interactive exploration of Korea! From the 7th century Cheomseongdae Observatory to the 15th century development of the Hangeul writing system to today's efforts in preserving Moon Bear populations, join us on this virtual tour of South Korea's geography and history while learning how to use these activities in your own classroom. The participants will not only learn about how to incorporate Korean content in the classroom in a fun, engaging way, they will also learn how to modify the current game or create their own board game to explore other countries or subjects.

**Open to:
