

TERAOKA SEIKO CO., LTD INTERNSHIP PROGRAM Winter 2018: Tokyo, Japan

This internship offers the opportunity to immerse yourself in a Japanese business environment, increase your Japanese language ability, learn about Japanese business and culture, and gain day-to-day experience in a business where innovation is part of its workplace culture.

“Teraoka Seiko/DIGI has always endeavored to “create new standards” since its foundation. There are two reasons for this. One is our desire to “excite customers.” It is identifying the hidden needs of our customers through their eyes and matching them with our technical possibilities to create breakthrough products or services.”

Learn more at: <http://www.digisystem.com/>

Learn about Japanese business culture through Teraoka Seiko Co. Ltd. (Teraoka)’s internship program at its headquarters in **Tokyo, Japan**. The internship will provide an OSU student with opportunities to enhance the ability to use functional Japanese and to experience the Japanese business culture at work. Interns will be in a position assigned by Teraoka’s personnel section. The winter internship period this year is for 3 months, from **late January 2018—late April 2018**. This is an un-paid internship for a full time position. Interns are required to pay for transportation to/from Japan (scholarships available) and to provide proof of OSU travel and health insurance to cover the internship period in Japan. Once in Japan, interns are provided with living expenses (room and board, allowances for transportation to/from work and some meals.)

INTERNSHIP ELIGIBILITY:

- Undergraduate student enrolled full-time at The Ohio State University
- Available for the internship period: mid-January through mid-April 2018
- Studied at least **two** years of Japanese language with a grade of B or better, or equivalent
- In overall good standing with GPA of at least 3.00
- Hold U.S. passport
- Enroll in travel health insurance program during the internship period in Japan

Deadline: October 20, 2017

The Institute for Japanese Studies (IJS) is serving as a local contact office for the Teraoka-OSU internship application, to receive applications and check eligibility, but not to select the interns for Teraoka. IJS will transmit all eligible applications to Teraoka, and Teraoka will be solely in charge of selecting its interns.
