We need non-native Chinese language learners who are willing to serve as practice interviewees for the **Chinese Oral Proficiency Interview (OPI) Workshop** that EASC is hosting this August on the OSU campus. This only takes 30 minutes and is a great practice for teachers and students at any level of Chinese. Details:

- Students studying Chinese are needed, usually in second, third and fourth (or above) year of study. We especially need Novice and Intermediate level speakers.
- Interviews last about 30 minutes. No preparation is needed. Each person needs only help with one interview.
- The time and day of each practice interview is determined by language level.
- Parking token and \$25 gift certificate provided.
- Interviewees are not graded, you are helping the trainees.
- Unofficial evaluation level can be given.

Interview candidates are needed as follows:

August 6 (Saturday): Novice and Intermediate - Students in their second or third year of college language study.

August 7 (Sunday): Intermediate, Advanced and Superior - Students in at least the fourth year of college study with overseas experience, graduate students, non-native speaking faculty or members of the community of a very high level of competence.
